Road Report for June 2019

June has been a very wet and stormy month. We had multiple calls for storm damage and clogged drains. We also have had several trees fall on our roads. We have been preparing for our tar & chip project. The ditches were pulled on the dirt portion of Lemmon Hollow Rd. Furnace Run Rd. was repaired with many hot mix patches and underdrains in poor drainage areas. Adrian Rd. and Booher Rd. were ground up and reprofiled by Suit Kote Inc. An underdrain was installed on Nolte. Dr. A driveway pipe was installed at 149 Walkchalk Rd. 180 feet of culvert pipe was installed at 373 Walkchalk Rd. to correct a drainage problem. 4 New catch basins and 280 ft of pipe were installed on Johns Rd. We

continue our roadside mowing. Some minor repairs were made on the equipment.

East Franklin Township
Sewage Report
June 2019
Report by David Stewart

All Treatment Plants and Pump Stations are running as expected, considering the amount of rain we have had this month. It has been difficult to keep all of the numbers in line.

On June 7, 2019, sludge was hauled from the Tarrtown Plant by Atkinson's and was taken to the Worthington Sewage Plant.

Responded to a one call this month.

All required lab samples for June were collected and transported to CWM. All DMR reports for the month of May 2019 were submitted to DEP.
