## Road Report for July 2023

---

Russell Standard has completed our paving and sealcoat projects for the summer. Portions of Briar Hill Rd. and Frick Dr. were paved. A list of the sealcoat roads is attached. Cold patch was placed in holes on the paved roads and stone was used on the gravel roads. Ditches were cleaned. We continue our roadside mowing and the mowing of the parks and sewage treatment plants. The frisbee golf course at the park was mowed off. We had only one callout for a tree on the road. A few minor repairs were made on the equipment.

Sewage Report  
July 2023  
Report by David Stewart

On November 19, I attended a PENNVEST Board meeting in Harrisburg.

The NPDES Renewal Permit for the Fox Hollow STP was submitted to DEP.

The final NPDES Permit for the Tarrtown STP was received. This permit will become effective on August 1, 2023 and will expire at midnight on July 31, 2028. Additional lab tests are now required for E. Coli, Nickel, Zinc and Chloride. CWM was notified of these modifications and changes were implemented on the monthly DMR.

There were two one-calls this month; one at Reesedale and one at Tarrtown.

Lab samples were collected for the month of July and DMR reports for the month of June 2023 were submitted to DEP.
